

제 7회 세계 원(ONE) 태권도 챔피언십

WORLD ONE TAEKWON-DO CHAMPIONSHIPS 7th 2026

Official Accommodation Guide&Notice

Taekwon-do is One!!!

We extend our warmest welcome to all international athletes, officials, and participants arriving at Kukkiwon—the global center of Taekwon-do—for the upcoming World ONE Taekwon-do Championship.

To ensure the smooth operation of the championship and to provide a comfortable and safe stay for all participants, we have designated the following three official hotels:

- Best Western Premier Gangnam Hotel
- Hotel Seoul In by The Designers
- Gangnam Artnouveau City

These official hotels are not merely places to stay; they are an integral part of our official operational system, carefully selected to help international participants experience Korea and Taekwon-do with maximum convenience and stability.

Key Benefits of Staying at the Official Hotels:

Excellent Accessibility: Convenient access to Kukkiwon and the championship venue.

Tailored Environment: A safe and reliable lodging environment optimized for international visitors.

Real-time Updates: Prompt sharing of daily championship schedules and operational announcements.

Seamless Operations: Efficient management of group check-ins and collective transportation.

Important Information on Rates & Booking

August is peak tourism season in Seoul. The Gangnam district, in particular, experiences a massive influx of international tourists and business travelers, leading to rapidly rising room rates and limited availability.

The current rate of USD 250 for a 3-night stay (Twin Room) at these official hotels is an exceptionally stable and reasonable price secured specifically for this event.

Please Note: As the championship dates approach, it will be highly difficult to secure rooms of this caliber at this rate. Booking accommodations independently may result in significantly higher costs and logistical inconveniences regarding transportation.

We highly encourage all participants to utilize the official designated hotels so that you can focus entirely on the competition and your experience in Korea without any accommodation concerns.

We sincerely hope this championship goes beyond mere competition and serves as a meaningful opportunity where Taekwon-do practitioners from all over the world connect under a single spirit.

As an event that unites practitioners of both Taekwon-do disciplines into one shared spirit, we trust it will be a deeply profound experience for everyone.

We look forward to welcoming you all to Seoul, South Korea, and to Kukkiwon.

Best regards,

The Organizing Committee of the World ONE Taekwon-do
